

SUMMER ACTIVITY SCHEDULE

Drop-in hours: Tues–Sun 11 am–5 pm/All ages welcome!

*Activities subject to change based on weather and tide.

Tuesday:

11:30 am **Animal Feeding** – Join our naturalists as they feed the animals in the aquarium!

3:30 pm **Shoreline Seining** – See what fish we catch in our seine net and learn about the abundant ecosystem we have right offshore.

Wednesday:

11:30 am: **Naturalists Choice** – What will the naturalists come up with this week?

3:30 pm: **Naturalist’s Walk on the Wild Side** – Walk along the beach and through the marsh while learning about local species and coastal habitats.

Thursday:

11:30 am **Sound Science** – Learn about the physical, chemical, and biological processes that shade the Sound and its inhabitants.

3:30 pm **Animal Feeding** – Join our naturalists as they feed the animals in the aquarium!

Friday:

11:30 am **Arts and Crafts on the Porch** – Let your creativity float free! Try out shell painting, fish origami, or collage (activities vary each week).

3:30 pm **Coastal Critters** – An in-depth look at a different animal each week (paired with a simple craft for younger attendees).

Saturday:

11:30 am **Naturalist’s Walk on the Wild Side** – Walk along the beach and through the marsh while learning about local species and coastal habitats.

3:30 pm **Sustainability Saturday** – Learn to live more sustainably through fun crafts, games, and other activities for the whole family.

Sunday:

11:30 am **Shoreline Seining** – See what fish we catch in our seine net and learn about the abundant ecosystem we have right offshore.

3:30 pm **Naturalist’s Walk on the Wild Side** – Walk along the beach and through the marsh while learning about local species and coastal habitats.
