

Bruce Museum Seaside Center

Summer 2019

Tuesdays thru Sundays, 11:00 am – 5:00 pm

Drop by for live-animal marine touch tank, aquaria, seashore dioramas, helpful naturalists, and more!

Tuesdays 11:30 am & 3:30 pm*

What Does Not Belong?

Explore the beach at low tide and look for objects, animals, and plants that don't naturally occur in Long Island Sound (*Time alternates with *Naturalist's Walk* below.)

Naturalist's Walk on the Wild Side

Join a naturalist in exploring different natural areas of Greenwich Point during high tide.

Wednesdays 11:30 am & 3:30 pm**

Environmental Education for Kids - Fun, easy ways to help the Earth.

Shoreline Seining at Low Tide - Help us learn about the biodiversity of the Long Island Sound. **Time will vary with tide, alternating with activity above.

Thursdays

Animal Feeding 11:30 am - Join us for feeding the creatures in our aquariums!

Coastal Critters 3:30 pm – An in-depth look a different animal each week.

Fridays

Arts and Crafts 11:30 am - 3:30 pm

Let your creativity float free! Make a Sound-inspired creation, try your hand at shell painting, or craft your own sea creature! Activities vary every week.

Saturdays 11:30 am & 3:30 pm**

Sound Science

Learn about the physical and chemical processes that shape the Sound.

Shoreline Seining at Low Tide

Help us gather plankton and see what creatures are living in our ocean's water!
**Time will vary with tide, alternating with activity above.

Sundays

Animal Feeding 11:30 am

Join us for feeding all the creatures in our aquariums! Occupants might be hermit, horseshoe crabs, and spider crabs, sea urchins, and killifish!

Shoreline Seining and Plankton Tow 3:30 pm***

Help us gather plankton and see what creatures are living in our ocean's water!
Examine microscopic organisms caught in our plankton net under a microscope.

***Not held on Sunday, July 7, August 4, and September 1, when this program is replaced by the Fred Elser First Sunday Science programs, which take place from 2:00 – 4:00 pm.
